## **HoverCam Solo 8Plus**

## **Give Every Student A Front Row Seat**

### Higher Quality, with optimised Image Clarity & Portable Compact Design

Only the best optics and hardware delivering stunning 4K clarity. Featuring 4K resolution @30fps, 1080p @60fps, or "warp speed" mode at 720p @120fps over a USB 3.0 connection, better than most traditional document cameras over HDMI! The sleek folding design makes it easy to collapse and transport. A robust modern camera with a small footprint.

Lossless zoom using our patented Adaptive Sensor Resolution (ASR) image processing techniques to zoom without loss of quality, a sensor developed by HoverCam. This eliminates the needfor expensive and bulky lenses while making the zooming and panning operation highly responsive and easy to use.

### **Easy Lesson Recording and Sharing**

Record high definition video at 30fps without lag or delay, and easily share with students (just drag and drop the video file into Google Classroom, your LMS, etc). It's a video and lesson recorder that includes a microphone to capture sound. Plus, you have the option to record while using Picture-in-Picture, to aid with narrating a lesson alongside your content.

### Portable and lightweight

A lightweight and portable design and included soft carry case makes it easy to move between classrooms. With a Kensington lock and security bar, schools and education establishments can have added peace of mind when the camera is unattended or not in use.
