Lumens DC125
Full HD USB Document Camera

Lumens®

Key Features

USB Plug & Play

Easy setup using a USB cable connected to a computer (PC or Mac) without an external power adapter or VGA cable. The Ladibug software allows you to output the captured image to projectors, interactive whiteboards, and large format displays.

Excellent Image Quality

DC125 produces bright images and vivid colours, supporting high-resolution capture (QXGA, 1080 HD, and SXGA) with image and video recording. Able to reproduce fine detail and fast action, the DC125 is ideal for use in education and training.

Audio and Video Recording

With a built-in microphone to capture video with audio, making it easy to record imaging, complete with on-screen annotation and voice-over, making it convenient for recording lessons, training sessions etc, for e-learning and information sharing.

User friendly Interface

Buttons on the base conveniently control core functions like lamp on/off, image freeze and capture. Auto-tune and focus buttons optimize the camera to produce sharp, colour balanced images that look great on monitors, projectors and touch screens.

The Ultimate Webcam

Using the high-resolution camera and professional microphone, the Lumens DC125 works with all popular video conferencing software (such as Zoom, Teams, Skype, and Webex) with a flexible head for optimal positioning.
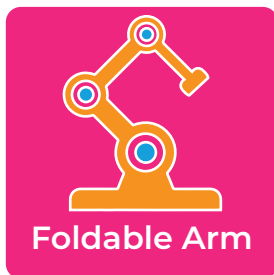

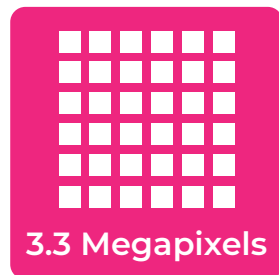

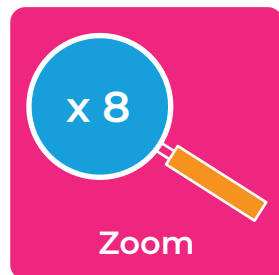

Imaging Flexibility

Mounted on a flexible, multi-angle gooseneck design, it's fully height adjustable for close-up or wide-angle imaging to capture large documents and objects, in excess of A3 in size (18.8" x 14.1"), giving versatility for use in any location and for a wide range of applications.

Helping schools use technology to deliver better education

Product Specification

Lumens DC125

Image Sensor	1/3" CMOS Colour Image Sensor
Total Pixels	3.3Megapixels
Frame Rate	XGA / 720p / 1080p: 60/50 fps / 2160: 30/25 fps
Output Resolution	XGA / SXGA / 720p / 1080p / UXGA / QXGA (2048 x 1536)
Zoom	Mechanical zoom x8
High Colour Reproduction	ΔE*ab (mean): 14.8
SNR	51dB
Sharpness	MTF 1102 lines
Close-up	4 cm
Shooting Area	480mm x 360mm > A3
Frame Rate	30 fps
Lamp	Built-in LED on camera head

Power Supplied	USB Bus Power
USB Image Transmission	USB 2.0 (480 Mbps) high speed transmission
Video/Audio Recording	Yes, via software
Built-in Microphone	Yes
Image Capture	Single or Continuous Capture
Auto Tune	Yes, image optimisation
Image Rotation	0º, 180º, Flip, Mirror
Anti-Theft	Kensington anti-theft lock device
Free Lumens Software	Windows - Vista, XP, 7, 8, 10
	MAC - OSX
	Chrome OS: iOS
	WIA interface

Optional Accessories

- DC-A11 wireless Module

x 8
Zoom

A3 Shooting Area

5 Year
Warranty

3.3 Megapixels
