Simple, Flexible, More Powerful

Hassle-free Live 4K Imaging

Show vivid, blur-free live video at 4K output resolution that will dazzle any audience, while utilizing the visualizer's wide shooting area and long flexible arm to easily capture complete images of documents & objects larger than an A3 sheet of paper.

Easy Online Video Streaming

Take advantage of U70+'s quality 13-megapixel camera sensor, nearly instantaneous auto focus and built-in microphone to video chat through Skype™ and similar programs, streaming live images from the visualizer to friends, colleagues and pupils online.

Enjoy Superior Quality with SuperSpeed USB 3.0

Connect your visualizer to your computer or IWB easily via the U70+'s USB 3.0 port. Both live video and recording are extra-clear and ultra-smooth at full HD up to 60 fps.

Compact and Portable Design

Bring your U70+ visualizer along with you wherever you go thanks to a lightweight design, a flexible arm and camera head that effortlessly slip into the visualizer's frame and a built-in handle for easy toting.

A+ Suite Classroom Software for AVer Visualizer Explore new possibilities!

- Integrate live images into existing teaching material, while accessing to visualizer functions.
- Upload lessons to YouTube™, DropBox™, classroom management sites and more!
- Stream live video from a second visualizer in picture-in-picture mode.
- Create your own media library then compare them side-by-side.
- View and adjust live visualizer images via an Interactive Flat Panel (IFP) or IWB.
- Create an interactive, and 1 to 1 learning environment with Sphere2 and ClassSend.

with a USB visualizer, you can display...

-  Film slides / Filmstrips
-  Real-time movements
-  Documents
-  3D objects
-  X-rays

show images to your audience through...

-  Interactive flat panel
-  TV monitor
-  Projection screen
-  Digital monitor
