

Epson ELPDC07 Portable Visualiser

EPSON®

Quick to set-up visualiser for magnifying source material clearly and easily for the benefit of everyone in the classroom

Let a wide audience get up close to your source material with the Epson ELPDC07 visualiser. Delivering high-quality images, this portable and adaptable camera sets up quickly and can be connected directly to the latest Epson projectors.

See in great detail

Share high-quality visuals including detailed diagrams and textbook pages with a Full HD 1080p output and 8x digital zoom. You can even adjust the height and rotate the camera 90° to accommodate 3D objects.

Effortless to use

Minimise preparation time with this high-tech, compact and affordable portable solution, that makes it quick and easy to enlarge source material. In just seconds, you can connect directly to the latest Epson projectors using the two in one USB cable connection which provides power and transmits the video signal.

Highly Portable modern design

The Epson ELPDC07 visualiser is neat and compact, it features LED illumination, a built-in microphone and doesn't need a separate power supply. It's also light and easy to carry in the included carry case, with the arm folding neatly down into the base. Needing just 2.5W, you can be sure that its power consumption meets modern energy conservation requirements.
