

# IPEVO VZ-X Document Camera

Visualise the big picture, wirelessly.

# IPEVO

The VZ-X features three connection modes—Wi-Fi, HDMI, and USB, allowing you to use it with a computer, iOS/Android devices, or directly with an Apple TV, TV, projector, monitor or touchscreen panel in the setup that best suits your needs.

## Features

### Maximum freedom in connectivity

With 3 ways you can connect through, with wireless, HDMI and USB connectivity, you can connect directly to your existing hardware, and stream from the best spot, all aided by the built-in battery, microphone and LED light.

### Distance Learning/Remote Working

It's also fully compatible with video conferencing software, such as Zoom, Google Meet, Microsoft Teams and Skype via USB, which also allows you to utilise the free IPEVO visualiser software.

### High performance with high convenience

The 8MP sensor by Sony, boosted by an Ambarella system-on-a-chip providing faster focus speed, improved noise reduction and excellent colour reproduction, aided by device control buttons to make quick adjustments such as Zoom, Image Rotation, Focus and more.

## Product Specification

# IPEVO VZ-R Dual Mode Visualiser
